

CONTENTS

Solvent Extraction

Use of Split-Circuit™ SX Plants for High Copper Recovery and Lower Operating Costs

Graeme Miller – Miller Metallurgical Services Pty Ltd – Australia; Andy Nisbett – Cognis Corp. USA

The Risk- Free Path to Profitable Crud Treatment Operations in the Hydrometal Copper Process

Tore Hartmann – Westfalia Separator Industry GmbH – Germany

Recovery of Sulfuric acid from Sarcheshmeh Copper Electrorefining Tank House Bleed Off

H. Rafieipour, E. Keshavarz Alamdari, D. Haghshenas Fatmehsari, and D. Darvishi - Amirkabir University of Technology; R. Atashdehgan, Sh. Daneshpajouh and M.T. Sarzaeem - National Iranian Copper Industries Co. - Iran

Understanding Reagent Consumption

Matthew Soderstrom, Keith Cramer, Damien Shiels and Troy Bednarski – Cytec Industries Inc. – USA/Australia

Treatment of Sulphide Ores

Galvanox™ Treatment of Copper Concentrates

David D Dixon - University of British Columbia – Canada; Ken Baxter and Linus Sylwestrzak - Bateman Engineering Pty Ltd - Australia

The New CESL Gold Process

Glenn Barr, Willy Grieve, David Jones, and Keith Mayhew – Cominco Engineering Services Ltd - Canada

POX Autoclaves: New Advances in Impeller Design in Highly Abrasive Ores

Wolfgang Keller - Ekato RMT GmbH -Germany

Heap Bioleaching Of Low-Grade Chalcopyrite Ore From The Darehzare Deposit

S. Robertson, P. van Staden, A. Verkuil and G. Glover – Mintek – South Africa; B. Shaidae - NICICO, Sarcheshmeh Copper Complex - Iran

Materials of Construction

Start-up of Acid Brick Lined Equipment

Kevin Brooks – Koch Knight LLC - USA

Titanium Clad Ignition in POX Environments

John G. Banker – DMC Clad Metal - USA

Lessons Learned in the Design, Manufacture and Maintenance of Brick Lined Pressure Leaching Equipment

Robert Menard – Koch Knight - Canada

Forum on Developments in SX Contactors

Development of a Design Capability for SX contactors Using Multi-Phase CFD and Experimental Modelling

*M P Schwarz, G Lane, J Nikolov, W Yang, J M Bujalski, C.B. Solnordal and M Houchin
– CSIRO Minerals - Australia*

Bateman Settler® Commissioning

Mark F. Vancas – Bateman SX - USA

Performance Highlights of a Modern VSF™ SX Plant

*Pertti Pekkala, Hannu Laitala, Bror Nyman and Eero Ekma - Outokumpu Technology Oy
–Finland; Mark Weatherseed - Outokumpu Australasia Pty Ltd - Australia*

Optimized Solvent Extraction Mixer Settler Design for Tomorrow's Operations

Michael Giralico, Bernd Gigas and Michael Preston, - Lightnin - USA/Uustralia

Review of Mixer-Settler Types and Other Possible Contactors for Copper SX

Alan Taylor – ALTA Metallurgical Services - Australia

SX Contactors for the Future

Graeme Miller – Miller Metallurgical Services Pty Ltd – Australia
